

# Tactical

## The world's most powerful handheld flashlight

2,000 Lumen light output  
50,000+ hours LED lifetime  
Extended battery life  
Zero maintenance  
2 years guarantee  
Up to 24 hours continuous light (low setting)  
3 hours charging time  
Styled by Johannes Torpe Studios

### Incredible brightness

Pick up a Wiseled Tactical and turn it on. It delivers an incredible amount of light. With an output of 2.000 lumen it is by far the world's most powerful handheld flashlight. Yet all of this power fits smoothly into your hand in a compact, rugged and reliable design that stands up to the most challenging of environments. Wiseled flashlights are water proof, heat/cold and shock resistant.

### Zero maintenance

Wiseled flashlights are designed to work under the most challenging conditions - year after year. They deliver up to 24 hours of continuous operation on a single charge (try that with a traditional flashlight!). And you can forget about replacement bulbs and batteries. The Wiseled Flashlights require zero maintenance. 50,000+ hours of LED, the batteries deliver up to 500 recharges, after 300 recharges the battery capacity will be decreased by 20%. We back all our products with a 2 year guarantee (limited guarantee for the batteries). Simply, we believe this to be the finest professional flashlight in the world.

### Warranty

Guarantee conditions: You have a 2 year guarantee (limited guarantee for the batteries) if any problems arise with your WiseLED product. Return your WiseLED product to our address after which we will correct the problem as soon as possible or alternatively send you a new product. Vandalism, misuse or the like are not covered by the exchange rights. Enclose your receipt when exchanging the product. The warranty will become null and void if the product is misused, abused, tampered with or taken apart.

- **7 LED Efficiency 2,000 Lumen**
- **LED lifetime + 50,000 hours**
- **Battery: Rechargeable Li-ion**
- **Battery capacity: 12 volt 5,2 amps**
- **Light output duration:**
  - 100%: 3 hours**
  - 80%: 4 hours 20 min**
  - 60%: 5 hours 40 min**
  - 40%: 8 hours 20 min**
  - 20%: 31 hours 55 min**
- **Dimmable: 5 steps**
- **Submersible: 300 feet**
- **Lens: 5 degree half angle**
- **Anodized Aerospace grade aluminium**
- **Grip: Thermo plastic rubber**
- **Strobe effect: 500 watts (non-lethal weapon)**
- **Pre-programmable: SOS or warning function**
- **Usable light: Range min. 1200 feet (1 lux)**
- **Signalling: 10 miles in clear weather**
- **Weight: 871 grams / 31 oz**
- **Size: Fronthead diameter 61 mm / 2.4"**
- **Body diameter: 44 mm / 1.7"**
- **Overall length: 25.5 cm / 10"**
- **Build in taillight**
- **Battery indicator**
- **Possibility to customize the functionality of the buttons and change the programming of the flashlight**
- **Build in antitheft chassis number**
- **Self-discharge time: 5 years**

WiseLED flashlights have to be kept fully charged at all times. Our warranty won't cover flashlights that have been left uncharged for a period of 2-3 weeks and this is not to happen more than 3 times, as this will significantly deteriorate the battery. The Li-ion batteries chemistry is not able to survive longer periods without energy so if not charged with a timely interval your batteries will get less efficient and the chemistry inside will eventually give up. So therefore remember always to fully recharge your flashlight before storing it for longer periods of time.
